Front-end Developer   May 2011 – August 2013

BioMed Central / London, UK

[**www.biomedcentral.com**](www.biomedcentral.com)

At BioMed Central online publisher of scientific articles I worked as a part of Web Design and User Experience team on designing layouts and front end structure for three main portals and tens of independent journals. I'm also responsible for developing WordPress themes for blogs and conferences websites using responsive web design with HTML5 and CSS3.

Projects: biomedcentral.com/biome, blogs.biomedcentral.com, biomedcentral.com/researchawards, beyond-the-genome.com

Web and Graphic Designer   November 2007 – May 2011

Ascent Ltd / London, UK

While working for Ascent IT Ltd online retailer I was responsible for designing and maintaining three main websites (www.hueanimation.com, www.huehd.com and www.sogatel.com) as well as micro pages for single products. I've also created a number of eBay templates with Flash and JavaScript elements as well as email campaigns, banners and other promotional digital material.

Projects: hueanimation.com, huehd.com, sogatel.com

Front-end Developer   August 2006 – May 2011

Looca / London, UK

Looca was my own freelance design company. For several years I have created websites for established online businesses, international charities and independent artists

Projects: elenabudnikova.com, voie-du-diamant.org/en/, pureviewarchitects.com
